Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field,
"often incapacitates a man for endeavor
and sometimes extinguishes the fire of
ambition." Though great despite his
complaint Field suffered from indigestion all his life. A weak, tired stomach
can't digest your food. It needs
rest. You can only rest it by the use
of a preparation like Kedol, which relieves it of work by digesting your food.
Rest soon restores it to its normal tons.
